TESTIMONY ENDS TRIAL ADJOURNS UNTIL FRIDAY

COURT WILL ALLOW LAWYERS
TWO AND HALF HOURS ON
EACH SIDE.

EXPERT GOULD ON STAND

Evidence in Forgery Trial Was Fin-
ished in Common Pleas Court
at 10:40 a. m.

The taking of testimony in the James F. Lingafelter forgery case was concluded at 10:40 Thursday morning whereupon Judge Campbell adjourned court until 8:30 Friday morning, at which time, he stated the arguments will be heard and the case will go to the jury. Attorneys for the state and the defense left the time of argument to the decision of the court who fixed the limit at two hours and a half on each side.

When it was announced that both sides rested and the court stated that the arguments would not be commenced until Friday morning, in order that the jury and court officials might "take in" the fair, smiles spread over the faces of the attorneys and numerous pleasantries were exchanged. Mr. B. G. Smythe asked the court "to go along with us to the fair."

The feature of Thursday was the testimony of Handwriting Expert H. D. Gould of Cleveland. At the conclusion of his testimony at 10:30 Mr. George Webb was recalled for two more questions in cross examination.

The witness was asked if it is not true that, at the time the shortage in the bank and building association was discovered, Mr. Lingafelter turned over all his property to make the shortage good. This met with the objection of the state's attorneys and the objection was sustained by the court. A question regarding Mr. Lingafelter being the owner of \$50,000 in property unincumbered, also met with the objection of the prosecution, which was sustained by the court.

At this point counsel on both sides rested and the court, after delivering the usual caution to the jury, stated to counsel that if there were any requests to be filed they should be presented during the day. Following this court was dismissed.

It was 8:50 Thursday morning when court convened for the Lingafelter trial. Mr. James Linehan testified to his familiarity with the writing of the defendant. He was shown the disputed signature (4407) and said that in his judgment it was not in Lingafelter's handwriting.

In cross examining the witness the state's attorneys used the same system of questioning this witness as the others of the defense who had been examined. This consisted in attempting to draw from the witness the statement that he had never seen Lingafelter try to disguise his handwriting, but if he should do so he (the witness) probably could not tell Lingafelter's handwriting.

Handwriting Expert H. D. Gould took the stand for the defense at 9:10. He stated that he began the study of handwriting 29 years ago in Washington in the treasury department and had testified in all of the courts.

"What method do you use?" "It is done by the use of the microscope in telling the nerve tremors and occurrences and characteristics which cannot be avoided."

"Do you practice by comparison?" "Yes, sir; but I don't regard the system of comparison as conclusive."

When asked how he noted the characteristics of a signature, he answered that it was by roughness on the edges of the lines, formed by the action of the nerves in making a record along the edge of the line. He stated further that no two persons have the same nerve record on their writing.

A detailed and technical description of the distinct characteristics of Lingafelter's writing as registered by the nerves and the witness stated that it would be a physical impossibility. The cross examination of Prof.

Gould was conducted by Prosecutor Fitzgibbon, and dealt largely with the experience of the witness. On cross examination the prosecutor referred to the compensation of the expert witness, as did the defense with the state's expert. The witness, who is an author of numerous text books used in schools, an expert microscopist, and a teacher of science, held his own during the stinging fire of questions from the prosecutor, and proved without doubt the best witness of the defense so far. The examination was highly technical, but the witness did not vary in any of his statements.

WEDNESDAY AFTERNOON.
At 2:30 Wednesday afternoon the defense called their third witness, City Solicitor Frank A. Bolton. The witness stated that he had known the defendant for possibly 10 years, and knew the handwriting of Mr. Lingafelter, having been for a time in the employ of the Homestead Building Association. This witness passed on the "Cormican" signature in favor of the defendant. He was cross examined by Prosecutor Fitzgibbon.

Mr. Frank Maurath, city auditor, was the next witness for the defense. His testimony was substantially the same as that of the other of the defense's witnesses up to this time, and practically brought forth the same results in cross examination by Mr. Kibler.

After a short recess John W. Adams took the stand as a witness on the defendant's handwriting. The witness stated on cross examination that he had been associated with Mr. Lingafelter as excursion agent of Idlewild park at the time when the defendant was manager of that place of amusement.

By Mr. Kibler: Suppose that Lingafelter wrote that signature, and when he wrote it tried to disguise his own writing and make it as much like the true signature as possible, would you, under those circumstances, be competent to judge as to whether or not it was his writing?

I would not.

The state's list of receipts, receipt stubs, certificates and orders were shown the witness who did not express positive identification of the writing on a number of them.

William H. Davis, ex-county treasurer, testified to a knowledge of Mr. Lingafelter's handwriting, and stated that the James Cormican signature was not in Mr. Lingafelter's handwriting.

In cross examining the witness, Attorney Kibler asked the witness if it were not true that he owed Mr. Lingafelter a great many favors, and if it were not also true that, at the time of the failure of the institution on the East Side, he had an overdraft of \$4000 there. To this the defense objected, and the objection was sustained by the court.

Mrs. Ella Connel said she was familiar with the defendant's writing from seeing his writing in the county recorder's office, and denied that the signature was written by the defendant, but that she had never seen it but the natural handwriting of Mr. Lingafelter.

Guy Billingslea was called next. His testimony was along the same general lines as those who preceded him, and there were no new developments brought out.

TWO ITALIANS CRUSHED BY EARTH

FOUR OTHERS RESCUED ALIVE
BY FELLOW WORKMEN AT
COLUMBUS.

Six Men Buried by Cave-in of Dirt
in the Russell Street Sewer
Thursday.

Columbus, Oct. 4.—Two Italian workmen were this morning killed and four others were entombed in a cave in of the Russell street relief sewer, which is being constructed through Goodale park. Francisco Tarric and Vide Darodis were buried under eight feet of earth and smothered to death before their fellow workmen could dig them out. The other four men were rescued only slightly injured.

MAGOON IS TO BE GOVERNOR

Senor Quesada Yields to Urgent Re-
quest that He Continue as
Cuban Minister.

(Bulletin.)

Havana, Oct. 4.—Complications have arisen here today which again threaten trouble for the United States before the pacification of Cuba is accomplished. For one thing the substitution at the eleventh hour of Charles Magoon for Governor Winthrop of Porto Rico, as provisional governor of Cuba, at the suggestion of Secretary Root and in opposition to the wish of Taft, has aroused considerable feeling. As another source of trouble, American officers who are looking after the disarmament of the insurgents and volunteers have discovered that frauds are being perpetrated by men with arms in their possession. Government volunteers are likewise opposed to surrendering arms, and in one or two cases they have tried forcibly to resist doing so. As a result of new difficulties which have arisen every one here is looking forward to annexation to the United States as the final solution of the Cuban puzzle. This result will be accomplished it is believed, by gradual stages. Yet every one expects it. The Cubans and Americans openly talk of annexation as an assured fact.

Washington, Oct. 4.—When General Bell returned to the war department after his conference with the president, at which he received his orders to go to Cuba, he found on his desk a direction by the president that General Thomas H. Barry, assistant chief of staff, should be designated as acting chief of staff in General Bell's absence. General Bell said he knew practically nothing of the reasons for his being ordered to Cuba except that the president received from Secretary Taft a request to that effect. While in Cuba, General Bell by virtue of his rank will be in command of the United States troops on the island.

The president reached his intention not to send Governor Magoon to Cuba because of advice from Secretary Taft, intimating that arrangements made for Governor Winthrop assuming the duties of provisional governor had gone too far to be changed conveniently. A later dispatch from Secretary Taft, however, put the matter in a different light, and indicated that the secretary was willing that Winthrop should remain in Porto Rico. President Roosevelt, who was anxious to have Magoon go to Cuba, acted promptly on the secretary's dispatch and immediately announced the appointment of Magoon for provisional governor of Cuba. This decision leaves Winthrop to finish his

SIXTY DROWNED

Hong Kong, Oct. 4.—Sixty persons are reported lost in the foundering of the emigrant steamer Charter House which went down off Hainan Head, September 30, while on the way from Hoihow and Hong Kong. A raft belonging to the Charter House was picked up by the steamer Kentsichang which rescued 23 of the crew who had been drifting nearly 48 hours when taken from the raft.

ROB. LINGAFELTER IN REFORMATORY

NEWARK PRISONER GIVEN THE
PLACE AS CLERK IN STORE
KEEPER'S OFFICE.

Has Little to Say and Attracted No
Notice on Way to Mansfield on
Wednesday.

(Special to the Advocate.)

Mansfield, O., Oct. 4.—Robert C. Lingafelter, the Newark bank clerk, who was brought here yesterday evening to serve time for forgery, was today assigned work as clerk in the store keeper's office. Young Lingafelter is taking his incarceration calmly and has little to say.

Robert C. Lingafelter spent his first night in the Mansfield Reformatory Wednesday night, and has now entered upon the term to which he was sentenced by Judge Maxwell for forgery in connection with the collapsed Homestead Building Association of this city. Mr. R. P. Ford, the deputy sheriff, who took Lingafelter to Mansfield, in conversation with an Advocate reporter, said the trip was made with a disgraceful feature, the prisoner and his mother and mother-in-law, Mrs. William Smythe, keeping up a pleasant conversation most of the time, and apparently no one on the train was acquainted with the circumstances or realized that the young man who occupied one of the rear seats of the coach was on his way to a penal institution to pay the penalty of a crime done. Upon the arrival at Mansfield the party was immediately taken to the Reformatory where young Lingafelter was turned over to the Assistant Superintendent of the institution.

On the way Robert told Mr. Ford of his trip and his mother and mother-in-law, who were with him, that they were not going to leave him. He said, however, that he would return in and that he was smoking.

On the way to the Reformatory the prisoner was as calm and collected as if he were on a vacation. He said that he was going to work in the Reformatory and that he would be back in Newark in a few days. He said that he would be back in Newark in a few days.

EFFORT MADE TO RESCIND ACTION AT COSHOCTON

BUT BOSS HAMILTON FAILED IN
HIS MISSION TO NEIGHBOR-
ING TOWN LAST NIGHT.

ENDORSEMENT OF ASHBROOK

By Trades and Labor Council Stands
—All Props Knocked From
Hamilton's Argument.

Coshocton, O., Oct. 4.—A delegation of three from Newark headed by Col. George B. (Cox) Hamilton, came here last evening to attend an advertised meeting of the Trades and Labor Council. The purpose of the meeting as, had been extensively advertised, was to rescind the action taken at a former meeting of the Trades and Labor Council, wherein the Hon. M. L. Smyser was condemned and the Hon. W. A. Ashbrook was endorsed as candidates respectively for Congress.

The Coshocton Age has been heaping abuse upon the action of organized labor ever since the condemnation of Smyser and the endorsement of Ashbrook at the meeting of September 30.

Extra efforts were made by inflammatory articles in the Smyser organ and by the congressman's henchmen to get a large turn out of the unions for the purpose of rescinding the action of the former meeting. The unions turned out all right. It was a large attendance of the Trades and Labor Council. Of the Newark delegation who came to instruct the Coshocton workmen what to do and how to vote, Col. George B. (Cox) Hamilton made the principal speech. He assailed Mr. Ashbrook in various ways. Among other things Hamilton charged that Mr. Ashbrook did not run a union office—that his little newspaper in the village of Johnstown was not run by union printers. After the speakers got through with their speeches, questions were put to them by several members of the Trades and Labor Council present. The speakers were asked whether they had ever done anything to organize a union in the village of Johnstown.

Of course they admitted that none of them had ever taken such a step as that Mr. Ashbrook had not been asked to organize a union shop. It is well known in labor circles here that there are not enough printers in the village of Johnstown to organize a union.

It is well known to labor leaders that Mr. Ashbrook has never had the least trouble with his employees, and that every man who has ever worked on him will vote for him this fall. Ashbrook's labor record will stand the coldest light, and the more the glare is turned on the better will it appear by side of that of his opponent.

Col. Hamilton also assailed Mr. Ashbrook on the score that he was a banker and capitalist. This caused questions to be put to him by those

present as to whose employ he was in. To this question George B. had to confess that he was in the employ of Mr. Heisey, a leading capitalist of Newark.

The questions put to the speakers threw a damper on all their speeches, and not a member of the meeting even made a motion or offered a resolution rescinding or modifying the former action of the Trades and Labor Council condemning Smyser and endorsing Ashbrook.

The meeting fell flat and its purpose utterly failed. The action of the Coshocton Trades and Labor Council stands. The labor record of Smyser is condemned and that of Ashbrook is endorsed.

PANAMA CANAL.

Plan of Commission to Let Out the
Contract to Dig It.

Washington, Oct. 4.—A tentative decision was reached by Chairman Shonts of the Isthmian canal commission that the Panama canal be built by contract. An announcement of the final determination of the canal officials respecting the method of construction is expected in a few days. Shonts had a long conference with President Roosevelt at which this and other matters relating to the canal were considered fully. The president is anxious that a conclusion be reached on all questions of canal construction as soon as possible, so that the actual work of construction may be pressed vigorously. Chairman Shonts and Chief Engineer Stevens have been working for many weeks on the subject of constructing the waterway by contract. Specifications for the work are being considered before issuing invitations for proposals.

7 PRISONERS

STILL MISSING

NO TRACE OF FELLOWS WHO
BROKE OUT OF JAIL ON
WEDNESDAY.

Moore and McCann Believed to Have
Met by Agreement Southeast
of This City.

No trace of the seven men who broke jail Wednesday morning after knocking down the turnkey, Christopher Calvin, and locking him up in a cell, has been obtained.

Deputy Sheriff Huddell went to Clay Lick and walked from that place to Hanover, but obtained no trace of Max McCann, one of the most desperate of the prisoners at large, although it was reported that he was headed for that section. The last seen of heard of George Moore, who is charged with shooting with intent to kill, was in the vicinity of the gold field, several miles southeast of this city. It seems that Moore and McCann met by pre-arrangement, at a point southeast of the city, and it is reported that they were headed for the vicinity of Frazersburg, where McCann has an uncle, and where there are plenty of secure hiding places.

SCARE IN GERMANY

Berlin, Oct. 4.—Germany is threatened with an American meat trust similar to that which controls the meat industry in the United States. This announcement has caused a revival of the "American peril" scare. An American syndicate is reported to be negotiating with leading German meat firms for the purchase of their establishments. It proposes to capture a majority of the German companies engaged in this line of industry with the purpose of controlling the meat trade in Germany. The Morgan Meat trust, the head in the combination of American meat trusts, is reported to be negotiating with leading German meat firms for the purchase of their establishments. It proposes to capture a majority of the German companies engaged in this line of industry with the purpose of controlling the meat trade in Germany.

CHANGES MADE IN TRUSTEE BOARD AT ATHENS, O.

TWO RESIGNATIONS SENT IN BUT
GREGG OF PIKETON WILL
STAND PAT.

COMMITTEE MAKES REPORT

Mr. Gregg Says He Knows of No Reason
Why He Should Resign from
Board of Trustees.

Columbus, O., Oct. 4.—John W. Gregg of Piketon, whose resignation as a trustee of the state hospital at Athens for insane was requested by Governor Harris, refuses to resign. He says he knows of no reason why he should do so. It is probable the governor will remove him.

Two trustees of the Athens hospital have tendered their resignation as requested by the governor, John Kaiser of Marietta, a Republican, and W. H. Williams of Columbus, a Democrat. The reason given by Williams for resigning is ill health, having had a stroke of paralysis recently. Both resignations were accepted.

The report of the committee of the state board of charities, which investigated charges as to the management of the Athens hospital, was made public by Governor Harris, as it forms the basis of his action in reorganizing the board of that institution. The report sets forth that three charges were made against the board, viz: Excessive prices, underweights and measures, exclusion of competition. In a report by Mr. Rochester, an inspector for the state auditor, it is stated that the excessive charges were paid. The board says it challenged the steward, J. L. Carpenter, to show where this charge was in error, and that in the committee's opinion he failed to do so.

As to the charge of short weights and measures on delicacies the board says: "We regard this as a very serious matter and regret that we are able to make no conclusive report on it." As to the steward the report says: "No evidence was given to show dishonesty on part of the steward."

As to the charge of exclusion of competition the report states: "It is our judgment that Mr. Carpenter, in following the method of his predecessors, did not satisfy the provision of the law requiring supplies to be purchased upon the best possible terms and lowest cash value. He made no effort to get the best terms and lowest prices." The board also says the steward was negligent in not furnishing to the trustees a monthly estimate of purchases necessary, and in presenting bills to the trustees for approval without the O. K. of the storekeeper. "In these three particulars," the report says, "we believe Mr. Carpenter has not conducted his office in conformity with law."

The trustees are blamed also for approving bills that the storekeeper had not approved, for not requiring monthly reports from the steward and storekeeper and for permitting continued exclusive purchases of groceries from one firm.

NINE PEOPLE HURT IN BAD COLLISION

Indianapolis, Ind., Oct. 4.—Nine persons were injured, two perhaps fatally, when two American passenger trains collided head on at a point near Ripley, this morning. A. A. Benson of Cincinnati, and John G. Smith, of Indianapolis, were seriously hurt, and George H. Jones, conductor of Indianapolis train, was killed. No cause is known.

EXPLOSION IN MINE

Bluffs, W. Va., Oct. 4.—The first reports of the explosion in the Pocahontas mine last night were greatly exaggerated, as almost by a miracle almost the entire shaft escaped the explosion. The mine is known to be intact. The explosion is believed to have been caused by a gas explosion. The mine is known to be intact.

QUIPS AND QUIRKS

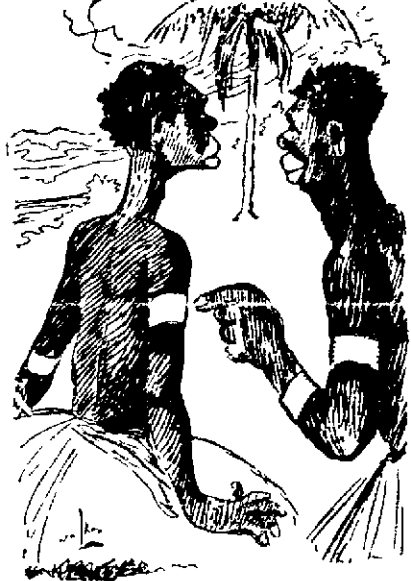

BY RYAN WALKER

AT WEST POINT.
"That's my friend, where are the officers' quarters?"
"Orderly—Don't think they have any. All it's ever seen of theirs has been nickels."

Mr. Hicks (reading paper)—Well! Well! Another Chinese outrage!
Mrs. Hicks (breathlessly)—Where?
Mr. Hicks—Right here. Blained Chinese restaurants are going to charge 10 cents more for chop-suey.

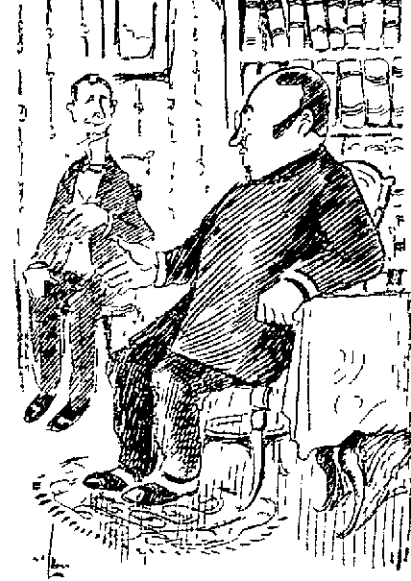

SAD BUT TRUE.
First Cannibal—I don't see why there should be so much talk about that story of John and the White.
Second Cannibal—Neither do I, you and I have swallowed men ourselves.

ALWAYS NEW.
"That's an up-to-date magazine."
"It must be, every time I go by a news stand I see a card saying that it is just out."

OF COURSE.
The Politician—I'm going to sue you for libel. What do you mean by picturing me as you have?
The Cartoonist—But the pictures look like you!
The Politician—I know, but do I look like a man who likes to look like himself?

WHOLESALE COUPLING.
Rev. Dr. Joinem—Yes, sir, I marry about 50 couples a week, right here in the marriage.
Visitor—Pa'or-ga? I should call it the Union League.

RIVALS MAKE KEEN THRUSTS

Indicative of the Kind of Campaign New York Will Have.

BOTH DEAL IN PERSONALITIES

Hughes Says the Opposition to Him Is a Masquerade and Hearst Says His Opponent Is a Corporation Lawyer—Statement by Senator Foraker.

New York, Oct. 4.—With the declaration that the issue in the forthcoming campaign in this state is not partisan at all, but the vital issue of decent government, Charles E. Hughes formally accepted the nomination for governor, which was communicated to him by a committee from the Republican state convention recently held at Saratoga. When Hughes mentioned President Roosevelt his auditors broke into cheering, which continued some time. Referring to his opponent Mr. Hughes said:

"What do we find in opposition to us? A masquerade. An Independence League whose independence has been betrayed and called but a spurious Democratic party, which has violated every principle of Democratic government. If you would know the sort of administration we would have in the event of their success, look at the Buffalo convention; for there you will find their motives and their methods mirrored; their motive, selfishness, and their method, intrigue. We test the sincerity of their independence by their efforts to procure the Democratic nomination; of their denunciations of bosses by their deals with bosses; of their appeals to American ideals by their despotic proceedings; of their attacks upon money in politics by their use of money in politics; of their devotion to the interests of the people by their efforts to ferment disorder and exploit ignorance in the interests of selfish ambition. The supreme issue of this campaign is the vital issue of decent government. The question is whether the unholy alliance that succeeded at Buffalo shall capture the state of New York."

Hearst Scores Hughes.

William R. Hearst sent the Independence League a formal letter accepting his nomination for governor by the league. In the letter he has this to say about his opponent: "You see a corporation lawyer put forward as the standard bearer of the Republican party in this campaign. You see corporation lawyers and violent partisans of monopolies held up to you as the only men fit to select your judges. The people know that their enemies are the originators and managers of oppressive trusts. They know that these trusts are in control of the Republican machine in this state. They see Mr. Sheldon chosen as treasurer to raise and spend the money for Mr. Hughes, the corporation attorney. And when they realize that Mr. Sheldon, director in 21 corporations, notoriously connected with the collapsed shipbuilding trust, as the financial reliance of the ticket which Mr. Hughes heads, they can not look on that ticket as promising much for the prosperity of the people." The remainder of the letter is devoted to a discussion of the policies and purposes of the Independence League.

Foraker's Reply to Jones.

Cincinnati, O., Oct. 4.—Senator Foraker, in reply to Aaron Jones, who was supreme master of the Ohio Grange, makes several important statements. He declares that the Hepburn law is a gold brick; that the farmers will suffer from its operation and be disappointed in the end. "So far as the railway rate bill is concerned, I did not oppose government ownership or government control of railroads, but what I contended for was that what we needed was not new legislation, but more enforcement of the legislation we already had." He says the Elkins law is sufficient to regulate the evils of rebates and discrimination. He declares he opposed the rate bill because he considered it unconstitutional, and said: "If I am to be controlled by somebody in Washington, or in Ohio, or elsewhere as to my vote, there is no honor in being a senator, and I would not hold the office over night."

Beveridge in Iowa.

Des Moines, Ia., Oct. 4.—Senator Beveridge opened the Republican campaign in Des Moines before a large audience. He entered into a general defense of Republican administrations and congresses and also discussed the Cuba situation. Regarding tariff revision Mr. Beveridge declared that there must be some changes in schedules, but not a general revision. "Some schedules should be revised," he said, "and this should be done in the high tide of our prosperity, when business can easily adjust itself to the change."

Fagin's Version.

Cincinnati, O., Oct. 4.—Vivian Fagin, who was removed from the office of United States marshal for southern district of Ohio, declared that the administration at Washington, through Congressman Longworth, made a deal with the Cox organization to sacrifice Fagin in exchange for Longworth's nomination to congress for the First district of Ohio. Senator Foraker's support, he declared, was secured in the same way by the threat that he

would not be endorsed at the Republican state convention unless he used his influence against Fagin. The same influence, Fagin says, was brought to bear on Senator Dick. It is doubtful if Eugene Lewis, former auditor of Hamilton county, who was named to succeed Fagin, will make many changes in the present office force.

Bryan's Campaign Work.

Lincoln, Neb., Oct. 4.—W. J. Bryan started on a campaigning tour which, with few interruptions, will continue until election day. After his speech Wednesday night at St. Joseph, Mo., he returned to Nebraska for the remainder of the week. The week following, and perhaps longer, will be spent in Kansas, and from there the central states will be visited. Mr. Bryan is hopeful of fusion success in Nebraska and will make another tour of this state before the campaign closes.

Rhode Island Democrats.

Providence, R. I., Oct. 4.—The Democratic state convention nominated James Higgins, mayor of Pawtucket, for governor by acclamation. The platform declares bossism to be the issue. The ticket was completed as follows: Lieutenant governor, Charles M. Sisson, Providence; secretary of state, William Palmer, East Providence; attorney general, Edward M. Sullivan, Cranston; state treasurer, John H. Archambault, Warwick.

Fairbanks in Ohio.

Indianapolis, Ind., Oct. 4.—Vice President Charles W. Fairbanks left for Cleveland enroute to attend a meeting of the trustees of the McKinley Memorial association at Canton, Ohio. Returning to Cleveland Thursday night, he will go to Erie, Pa., Friday, where he will deliver an address.

Shaw at Columbus.

Columbus, O., Oct. 4.—A Republican rally here Wednesday night had Secretary Shaw for the principal speaker. His chief theme was the tariff issue. The meeting was preceded by parade. Mr. Shaw will speak at Newark tonight, at Hamilton Friday night and at Cincinnati Saturday night.

Hoke Smith Elected Governor.

Atlanta, Ga., Oct. 4.—Returns from the state election indicate that a tight vote was polled over the state. The Democratic ticket, headed by Hoke Smith for governor, was elected by the usual majority, there being no opposition except by the Socialists, headed by J. B. Osborne.

JAP BANK ROBBED.

The Thieves Killed Bank Manager and Got Away With Loot.

San Francisco, Oct. 4.—Two robbers entered the Kimmon Ginko, a Japanese bank, also known as the Golden Gate bank, and after fatally beating S. Urakata, the manager of the bank, and seriously injuring A. Sasaki, a clerk, with a piece of gas pipe, escaped with \$5,000 in gold. Urakata died two hours later.

The robbers chose a time when there were but few persons transacting business in the bank and was so quickly effected that it was all over before the people passing the doors were aware of what had taken place. While one of the holdup men engaged the paying teller of the bank the other walked to the rear of the bank and, getting behind the counter, picked up a sack containing \$5,000. The action of the robber who went to the rear of the bank was witnessed by one of the clerks, who immediately raised the alarm. The cry had scarcely left his lips before he was struck down by the man who was carrying out the gold.

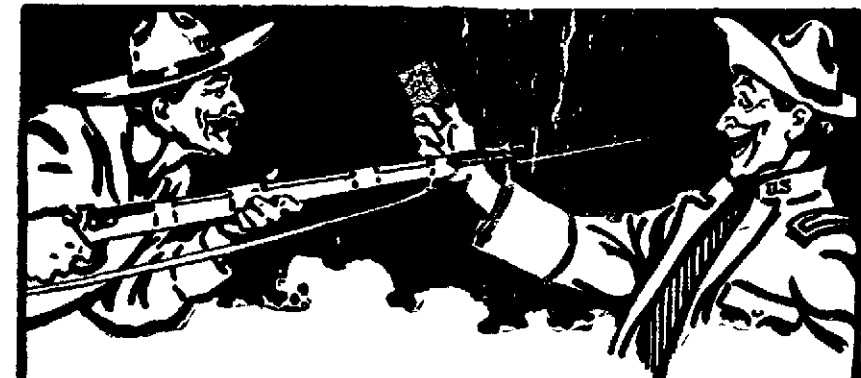

Both robbers stopped long enough to beat their victims into unconsciousness, then walked leisurely from the bank and disappeared. The crime was discovered a moment or two later when several customers entered the bank to make deposits. They found the clerks lying prone on the floor and immediately gave the alarm. Chief of Police Dinan assigned to the case every available detective and policeman. He advanced the theory that the robbers are the same men who recently killed Pfietzner and Friede, merchants, in their stores.

Bedford, Ind., Oct. 4.—The Lawrence county grand jury filed its report and was discharged after three weeks' continuous labor. Among the cases considered was the attempt to connect Ernest Tanksley with the Sarah Schaefer murder mystery, in which 40 witnesses were examined, but no indictment was found.

Does Your Stomach Bother You?

Dr. Shoop's Restorative Cures All Distressing Stomach Troubles Through the Inside Nerves.

As you value your health and happiness don't neglect to care for the slightest stomach pain—don't let it go. At the first sign of distress use Dr. Shoop's Restorative and all these troubles—Stomach aches, indigestion, are symptoms of coming disease—is it wise to ignore them? You who never eat a hearty meal with a sense of fullness—followed by a period of lassitude or drowsiness—beware. Neglect these conditions and indigestion will become a sorrow, and you surely will experience any of these symptoms. Do you ever feel a burning, itching, or a pit of stomach, or a gas, belching of wind, heartburn, or a headache, dizziness? If you do, you are in need of Dr. Shoop's Restorative. There is but one course open to you—strengthen the inside nerves—these special atonic nerves which shake off forever the evidence of disease. Put the digestive nerves in condition to act as nature intended they should. Do, don't force—just give the inside nerves natural force, gentle tonic, nature's help. Dr. Shoop's Restorative (Tablets or Liquid) should be taken to do this—it is the only preparation which builds up or even attempts to restore the inside stomach nerves. Sold by R. W. SMITH.

Hymn—"Shall we whose Souls Are Lighted."
Devotionals—Miss Harriet Condit, Pataskala.

"A Message From India"—Mrs. Grant Jones, who has long been a missionary there, but who is now in the United States on furlough with her family.

Duet—Mrs. French and Mr. Ross of Johnstown.
"Home Missions"—Rev. M. Nesbitt.

Solo—"The Alexander Revival Hymn"—Mrs. Borce.
Hymn—"In the Cross of Jesus Christ I Glory."

After the following resolutions were adopted, the meeting was dismissed with the singing of "America," followed by benediction:

Resolved: That a vote of thanks be tendered the good people of Johnstown for their generous and hearty hospitality, their beautiful flowers and their good coffee, ice cream and cake.

To our sister, Mrs. Grant Jones, and to Rev. M. Nesbitt, for their interesting and helpful addresses; to Mrs. Boyce, Mrs. French and Mr. Ross for their beautiful music. Further, that we regret the absence of our faithful Presbyterian President, Mrs. R. B. Pierson, at the District Meeting, and that we tender her our kindly sympathy in her illness, with hope of her speedy recovery and that a vote of thanks be given Mrs. Little for her kindness in presiding over this meeting.

BABY'S VOICE

the exquisite thrill of motherhood with indescribable dread and fear. Every woman should know that the danger, pain and horror of childbirth can be entirely avoided by the use of Mother's Friend, a scientific liniment for external use only, which toughens and renders pliable all the parts, and assists nature in its sublime work. By its aid thousands of women have passed this great crisis in perfect safety and without pain.

Is the joy of the household, for without it no happiness can be complete. How sweet the picture of mother and babe! Angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear. Every woman should know that the danger, pain and horror of childbirth can be entirely avoided by the use of Mother's Friend, a scientific liniment for external use only, which toughens and renders pliable all the parts, and assists nature in its sublime work. New Traction Road.

Surveys are being made for the Mansfield & Southern Traction company's line which is to be built during the coming year. It will run from Mansfield to Mr. Vernon and thence to Newark. As has been stated previously three routes will be surveyed and the most feasible one selected. Surveying parties have been at work during the past week down by Utica. It is the intention from Newark to build a connecting line to the Ohio river at Gallipolis. It is announced that the construction will begin as early in the spring as grading can be done. The line will come into Mansfield near the Marion avenue road.—Mansfield Shield.

Crowds See Trained Children.

Large crowds have been attending the exhibitions given at the Nickelodeon on the North Side and watching the intelligent acts of the trained birds of Prof. Brown Goode. The act is one of the most novel and interesting seen in the city and the fact that it is given together with the film

showing the McKinley funeral for the regular price of 5 cents, makes it doubly attractive. 1t

Selling to a Minor.

An affidavit was filed in Mayor McCleery's court Thursday morning, charging Joe Catarinani, a foreigner, operating a saloon in West Newark, with selling liquor to Angelo Cazzio, a minor. The affidavit was filed by Samuel Sabantina.

Attacked by a Dog.

Frank Duncan, an employee of the Advocate press room, was attacked by a vicious dog Wednesday afternoon on South Fourth street while going to his home. The canine took a liking to the style of trousers worn by Mr. Duncan and chewed a piece out of the leg of the garment. The dog's teeth scratched the skin a bite but not enough to draw the blood.

Prize Winners at Fair.

J. W. Motherspaw & Son have a dozen Improved Chester White hogs at the Licking county fair that are attracting much attention from the farmers and stockmen who are attending the big show. These hogs captured thirteen ribbons at the Ohio state fair and 18 at the West Virginia state fair this year, receiving at the Wheeling exposition also three champions and all the specials.

Morris Schaff Here.

Hon. Morris Schaff of Boston, was a welcome caller at the Advocate office Thursday on his way from his old stamping ground in this county to his eastern home. Mr. Schaff was sent to West Point from this county in 1858. He now holds a responsible position in Massachusetts. Licking county people have recently read with pleasure his delightful book entitled "Ethna and Kerkersville," which deals with the early history of the old National road in narrative form. The book as the Advocate has previously said, is written in a happy vein and it holds one's attention from page one to finish.

CROWD AT FAIR

In spite of the rain a good sized crowd of people attended the Licking county fair Thursday and all were delighted with the exhibits. If the weather clears the attendance on Friday and Saturday will be immense the managers believe.

A heavy shower at 3 p. m. interrupted the racing program. It is estimated that 12,000 school children were at the fair Thursday besides 3,000 paid admissions.

STUDENTS FAVOR THE TERRORISTS

DISCOVERY OF SIXTEEN BOMBS IN INSTITUTE FOR ENGINEERS AT PETERSBURG.

Health of Czar is Causing Alarm—More Rumors That He May Abdicate.

St. Petersburg, Oct. 4.—What is regarded as the gravest event in months, causing widespread fear in bureaucratic ranks, as well as among all students in the empire, was the recent discovery of sixteen bombs in the institute for engineers. The finding of these bombs is considered undoubted confirmation of the fear which has been entertained for a long time that a majority of the students are supporters of the Revolution and even the high schools are nurseries of terrorism. How difficult it will be to guard against assassination of the hands of students is thoroughly appreciated by the authorities and there is good ground for fear aroused by the proof that the students are really enlisted in the revolutionary campaign.

Liverpool, Oct. 4.—The health of the Czar of Russia is causing the greatest concern to the authorities who know his real condition. This is the statement made by the Post today which says persons in close touch with British court circles have heard ominous reports regarding the Russian monarch's physical and mental condition. Recent events have made the Czar suspicious of every one. He no longer knows upon whom to depend to protect him from the revolutionists who are seeking his life. Under the mental strain his health has suffered. Often Nicholas refuses food prepared for him, fearing for his person and he has resorted to opiates and drugs to induce sleep but ineffectually. Owing to the discouraging reports as to the Czar's condition more credence is given in British court circles to the reports that he may soon abdicate the throne.

Deaths on the Rail.

The State Railway Commission has announced that the total number of persons who met death on the rail in Ohio during September was 78, of which 38 were employees, 27 trespassers, 11 travelers on the highway and but two passengers. The report includes both steam and traction lines.

Railway Notes.

Two towns are on the Pan Handle program for new stations next year. They are Steubenville, O., and Wellston, W. Va.

The tax valuation of Ohio interurban railways this year will show an increase of about 14 1/2 per cent. The total valuation last year was \$19,000,000.

Thousands of employees of the Pennsylvania national system began a campaign Wednesday for a total inspection the middle of October. It is said that between \$60,000 and \$70,000 is expended annually in making preparations for the president's and general manager's inspection of that system.

The Jail Delivery.

Eight prisoners broke out of the Licking county jail Wednesday morning, and seven of them, including two desperate characters, are still at large. A question that Newark people are today asking is: Was there laxity in the management of the jail? As everybody knows, Newark has one of the most modern jails in the state. It is equipped with every device to guard against the very thing that happened there Wednesday, and yet, notwithstanding these appliances the prisoners succeeded in taking the revolver and keys away from the turnkey, locking him in a cell and making their escape.

A few years ago the county commissioners provided the jail with apparatus permitting the turnkey to lock or unlock any or all cells without entering the corridor, but without taking the precaution, perhaps, of seeing that the men whom he had released from their cells to do the floor scrubbing, had returned to their cells before he unbolted the bars and entered the corridor, the jailer stepped in to be knocked down and be landed himself behind the bars while the eight prisoners walked to freedom. Comment is also being made on the fact that two such men as Max McCann and George Moore were confined on the same floor of the prison. These men have prison records that should cause the sheriff to take every precaution and one very sensible step would have been to have placed Moore in one corridor, and McCann in another.

Doubtless nobody regrets the jail delivery more than Sheriff Redman and his force of assistants, as they all realize the unenviable position in which it places them and they are earnestly trying to capture the missing men, but so far seven of the eight are at large. The eighth voluntarily surrendered soon after the jail delivery.

While accidents will happen in the best regulated jails as well as families, it is comforting to know that within a few months the Licking county jail will be in charge of a

man who will take no chances with desperate criminals and who, while treating his prisoners with due leniency, will pass no favors around, and will see that the law is strictly and impartially enforced.

William Linke, the Democratic candidate for sheriff, has had experience as a deputy sheriff. He knows the duties of the office and can be relied upon to faithfully and fearlessly carry them out.

Action of Coshocton Organized Labor Still Stands.

The action of the Coshocton Trades and Labor Council in reference to the records of the two candidates for Congress has proved to be very damaging to the prospects of the Hon. M. L. Smyser. After having thoroughly investigated the records of both candidates on the questions that concern organized labor, the Coshocton Trades and Labor council held a largely attended public meeting and unanimously by a rising vote, passed resolution censuring Mr. Smyser and endorsing Mr. Ashbrook. This has caused consternation among the Smyser machine bosses and desperate efforts are being made to thwart the effect of it on the campaign. Our local boss, Col. George B. Hamilton, with two or three others, attended another meeting of the Trades and Labor Council at Coshocton Wednesday night at which labored efforts were made to have the former action of the council rescinded. But the meeting utterly failed of its purpose. Coshocton's organized labor still stands by its action endorsing Ashbrook and censuring Smyser. This is just the way the people will be when they vote on November 6.

The American-Tribune takes the State Journal to task because of the latter paper's "renewing its attack on Senator Dick." The State Journal, of course, knows the prevalent indignation among Republicans all over the state at the bossism of the Dick machine, and appreciates that this feeling cannot be stifled. It is a little singular that papers like the A-T have such little regard for this deep seated sentiment against bossism that is so manifest and wide spread in the party over the state.

Speaker Cannon of the National House of Representatives, who is appealing to voters here and there to support his party which is committed to a stand pat policy, is quoted as saying: "Put home-made products in the pantry." That is what people would gladly do. They would put home-made products there in abundance were it not for Republican policy that has fostered the trusts which get the people's money for as little in the way of home-made products as possible. The least Uncle Joe says about the pentry these times the better it will be for the cause of his party. The cost of living is a subject the Republicans don't want to have discussed so near election.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional ailment, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. MORE QUESTIONS

For Secretary Shaw and Congressman Smyser to Answer Tonight—Will They Do It?

President Roosevelt's secretary of the treasury, Mr. Shaw, and Congressman Smyser, the man whom the Coshocton Labor Unions have rejected because of his labor record, will speak at Music Hall here Thursday evening, October 4. The Advocate submitted a few questions for these gentlemen's consideration in Wednesday's issue, and these question are now supplemented by the following questions from an Advocate reader:

Is the "principle of protection" on which you lay so much stress, so weak that it can only be sustained by "standing pat" on all the present tariff duties, however unjust they may be?

Are not some of these duties manifestly in the interest of manufacturers and capitalists, and against the interests of the people who consume their products?

How long, O Lord, how long, must the people wait for a revision of these duties?

Will the trusts and capitalists that are enriched by these duties ever consent to their revision; and will the Republican party ever undertake such revision contrary to the wishes of these trusts and capitalists?

WORK WEAKENS THE KIDNEYS.

Doan's Kidney Pills Have Done Great Service for People Who Work in Newark.

Most Newark people work every day in some strained, unnatural position—bending constantly over a desk—riding on jolting wagons or cars—doing laborious housework; lifting, reaching or pulling, or trying the back in a hundred and one other ways. All these strains tend to wear, weaken and injure the kidneys until they fall behind in their work of filtering the poisons from the blood. Doan's Kidney Pills cure sick kidneys, put new strength in bad backs. Newark cures prove it.

Wesley Rowland, express driver, living on Washington St., near Mill St., East Newark, O., says: "Many a time my back pained me so and was so weak that I could not load my wagon. If I stooped to pick up anything it was all I could do to straighten up. My back pained me so at nights that I could not sleep. I would wake up again with terrible pain through the back and shoulders as if I were in a cramp. I tried liniments and various remedies but found nothing that helped me until I got Doan's Kidney Pills at Crayton's drug store. Three boxes were all that were required to cure me and the cure has been permanent. That was two years ago and I have had no trouble of the kind since."

For sale by all dealers. Price 50 cents. Foster-McLure Co., Buffalo, N. Y., sole agents for the United States.

THE OHIO GRANGE AGAINST DUNLAP

RECORD OF REPUBLICAN CANDIDATE FOR FOOD AND DAIRY COMMISSIONER.

The Grangers of Dunlap's Own County Appeal to Their Brethren of the State.

Ashville, Pickaway Co., Ohio, October 2, 1906.

To the Grangers of Ohio:
We feel it our duty to call the attention of all members of our noble order to the legislative record of our fellow member, Hon. Renick Dunlap, of this county, who has been placed on the Republican State ticket as a candidate for Food and Dairy Commissioner.

Mr. Dunlap was elected to the Senate from this district in 1903. He was an honored member of our order and announced that he was going to the Legislature to champion the cause of the farmer.

Unfortunately for Mr. Dunlap, he fell under the influence of the lobby and certain capitalists, and he voted with them and for them, and against the farmers' interests. We do not think Mr. Dunlap was dishonest, but he was not strong enough to withstand the blandishments these men used to induce him to forget his promises and the teachings of the Grange, and, as a result, when he was a candidate for a second term to the Senate he was defeated, because our people did not feel that he was a safe man in whom to trust the interests of the farmer in the Legislature.

It is charged that the same influences that he served as senator secured his nomination for Food and Dairy Commissioner as a reward for his services to them.

We call your attention to page 831 of the Senate Journal for 1904. On April 25th, the resolution to amend the constitution so as to exempt state and municipal bonds from taxation was adopted in the Senate, receiving 22 votes, just enough to pass it.

Mr. Dunlap voted for this resolution, and his vote passed it. Had he voted No, the resolution would have been defeated.

Every granger in Ohio opposed this iniquitous resolution, yet Mr. Dunlap, the supposed representative of our order in the Legislature, voted strictly against the wishes of his brothers.

At a meeting of the State Grange, held in Columbus in January of the present year, a resolution was adopted denouncing the adoption of this resolution and appointing a committee to take steps to have it repealed by re-submitting it to a vote of the people, thus undoing the great wrong done our people by Mr. Dunlap's vote, which resulted in exempting from taxation a Hundred Million Dollars held by immense financial institutions abundantly able to bear their share of taxation, but on account of Mr. Dunlap's vote this additional burden now falls on the farmer and his land.

We feel that in voting for this questionable measure Mr. Dunlap was false to his people and has shown himself unfitted and unworthy to be trusted in a public capacity.

But this is not all. In another important matter Mr. Dunlap voted against the interest of the farmer. For years a sheep fund has been accumulated in each county by taxing dogs to pay farmers for sheep killed and injured by dogs. On page 255, Senate Journal, 1904, on March 16, Mr. Dunlap voted for a bill to allow persons injured by dogs to draw the sheep fund from the treasury. This bill became a law with Mr. Dunlap's vote. In some counties the fund has been exhausted by people living in cities, and not a cent remains to pay farmers for their sheep, thus defeating the purpose of the original law to compensate farmers for injuries to their flocks.

We do not believe that the Grange should be used as a convenience for politicians, and Mr. Dunlap has shown by his votes that his fealty to the bosses and the lobby is stronger than his obligation to his brother grangers and farmers.

We submit these facts, which are upon the open records, for your consideration, and leave it for you to say whether your vote will be given to a man with such a record for an office as important as Food and Dairy Commissioner.

Dressmakers Not to Blame

Dressmakers sometimes receive too much credit as well as too much blame.

And Here is Why

Dressmakers cut their cloth to fit your figure. Don't they? And if the dress is "a dream," they get the credit, don't they. But if it looks "sloppy," then they're blamed, aren't they?

Usually, credit or blame should be given the corset, for that is the foundation of a perfectly fitting costume.

PROPOSITION

From Mr. White's Syndicate to Lease C. N. & C. Turned Down by the Directors.

Archie S. White, formerly of Newark, representative of the syndicate which is back of the Union Gas and Electric company, has made an offer to the directors of the Cincinnati, Newport and Covington Light and Traction company to lease the property, says Thursday's Cincinnati Engineer.

The terms, however, are not satisfactory to the directors of the company, and they so informed Mr. White. They added that they would be willing to consider a proper offer for the leasing of the property and they also said that any leasing proposition must not only view the earning value of the properties of the present time, but that it must take into consideration what the value of the property will be in 10 and 20 years hence, as in their opinion the present stockholders should have some of the future benefits of the properties which they have built up.

Thus far the two interests are wide apart. Mr. James C. Ernst, President of the C. N. & C., is out of the city at present, and nothing will be done until he returns.

HAPPENINGS IN TOWNS NEAR NEWARK AND GENERAL NEWS OF BUCKEYE STATE

Scaffold Gave Way.

Cincinnati, O., Oct. 4.—A peculiar double accident which may result in two deaths occurred here. Albert Berger and Henry Riedinger, painters, were at work on a scaffold at the fourth floor of a building on Woodward street when the scaffold broke. Berger was thrown to the ground, sustaining a fractured skull, internal injuries and broken arm and leg. His fall was broken very slightly by striking Rosella Nieman, a 4-year-old child, who suffered serious internal injuries and may die. The injury to the child was not witnessed by the people who saw the original accident, as their attention had been held by Riedinger, who managed to catch the rope and, after swinging in a peculiar manner for some time, secured a firm hold and slid down to safety.

County Official Arrested.

Athens, O., Oct. 4.—S. B. Hill, one of the county commissioners, was arrested on an affidavit filed by Otto Barth, a prominent Democrat of this county, charged with misconduct in office in that he approved a bill for gravel sold the county, knowing the same to be false. Barth claims Hill paid the bill \$45 and asked Barth to give his (Hill's) book account credit to that amount.

Streetcar Accident.

Cleveland, O., Oct. 4.—Three were fatally and 17 more or less seriously injured when a streetcar bound for Euclid Beach with 50 passengers jumped the track at a sharp curve at the foot of the Nickel Plate railroad trestle, north of Windermere. The car was going at high speed, and after thumping the ties for 20 feet plunged into the bank and half overturned. The fatally injured: Walter Maxwell, Euclid, O.; Mrs. Savage, Norwalk, O.; Harvey Bingham, one year old. The seriously injured: Mrs. Van Schrieber, Columbus, O.; Mrs. Grasser, Norwalk, O.; Mrs. Watson, Boston. Young Maxwell was standing on the platform talking to Miss Hazel Hudson, his fiancée, when the accident occurred. They were to be married Oct. 8.

Sensational Charges.

Cincinnati, O., Oct. 4.—A report will be filed before the board of public service by the underwriters of Cincinnati in which an expert hydraulic engineer employed by the Cincinnati underwriters to make a quiet investigation will make open accusations of a discovery of a deliberate attempt to wreck the Eden Park pumping engines. It will be the most sensational chapter in the great waterworks scandal and the famine of the past summer. The report is couched in the plainest language possible to employ and makes direct accusations.

Preacher Arrested.

Columbus, O., Oct. 4.—A man who says he is Rev. George Lester Reynolds, 43, former pastor of the First Baptist church at Fessig, Pa., was taken into custody here by detectives and held for investigation. Reynolds was married here Sept. 24 to Clara Esther Ware, 23, said to be a member of his church choir. When Reynolds applied here for a license he said he was from Deposit, N. Y. The detectives claim Reynolds has a wife at Fessig from whom he has not been divorced. Reynolds admits that he was previously married.

Will Weed Out Negroes.

Columbus, O., Oct. 4.—The striking employees at the Charles Wege Marble & Tile Co.'s plant, who quit work because colored men were put on mechanical work, that of rubbing the marble after the passing of the saws, returned to work. The terms of settlement are that the colored "bed-rubbers" shall retain their places until the employees furnish the men to take their places.

Banker Fears for His Life.

Gallipolis, O., Oct. 4.—Rev. T. S. Armentrout, vice president of the wrecked bank at Middleport, fearing for his life at the hands of those who lost heavily in the crash, has fled to this city with his family. He has many friends here who will shelter and aid him. He was pastor of a Presbyterian church, but resigned when he went into the bank.

Mother's Vicious Act.

Warren, O., Oct. 4.—As a culmination of a long-continued quarrel between Mrs. Lucetta Burbank and her daughter, Mrs. George Henninger, the former threw the contents of a bottle of carbolic acid into the face of the latter. Mrs. Henninger was severely burned about the forehead, face and eyes. Mrs. Burbank is under arrest.

Two Showmen Perished.

Geneva, O., Oct. 4.—Two men lost their lives by the burning of the Cummins' Wild West show instead of one, as previously reported. While searching in the ruins among the carcasses of the animals, the charred remains of the second victim was found. Like the body of the first one found, this man was burned beyond recognition.

White Married.

New York, O., Oct. 4.—William J. White, president of the American Chicle company and formerly congressman from Ohio, whose wife secured a divorce Monday in the Ohio courts, married Miss Helen P. Sheldon at the Holland House Wednesday night. The ceremony was performed by Dr. Henry Marsh Warren.

Coroner Will Investigate.

Cleveland, O., Oct. 4.—An investigation into the death of Frank Halbert,

15, who died at the Lancaster industrial school, will be made by Coroner Seigelstein. The last words received by the parents of the boy, two weeks ago, stated that he was in perfect health. Monday word was received that he was dead.

Not Verified.

Cincinnati, O., Oct. 4.—A story published here that Ed Cannon, an amateur pugilist, on a wager jumped from the suspension bridge to his death, but his brother, F. J. Cannon, said he was unable to find a person who would admit having seen the fatal leap.

Electrician Killed.

Postoria, O., Oct. 4.—Ella Harby, trimmer for the City Heat & Light Co., was electrocuted. Finding a light out, he attempted to change the heads and received the full force of the current. He was thrown 30 feet and expired in a few minutes.

Woman Hanged Herself.

Canton, O., Oct. 4.—Mrs. Henry Baker, living east of Canton, committed suicide by hanging herself with a fascinator to a beam in a summer kitchen. She had been despondent and had threatened to end her life.

Accidentally Shot.

Marietta, O., Oct. 4.—David Hulbert, jr., of Layman was instantly killed by the accidental discharge of a gun while out hunting. The young man belonged to a well-known family in that locality.

COUNTY OUT OF DEBT.

Coshocton, Oct. 4.—At the October session of the county commissioners, just closed, action was taken to transfer \$5,000 from the infirmity fund and \$5,000 from the children's home fund, a total of \$10,000, to the county fund. When this is done the total indebtedness of the county, about \$5,000, will be paid and Coshocton county will be out of debt, with a clear balance in every fund and about \$5,000 balance in the county fund alone.

UNION FUNDS SHORT.

Coshocton, Oct. 4.—The Hod Carriers' Union is agitated over an alleged discrepancy in the union funds. A shortage of \$75 is said to have been found by the special auditing committee composed of Messrs. Webb, Alonzo Cox and Edward Curren. The matter has been settled without publicity and a refund made. It is said to have been due to carelessness.

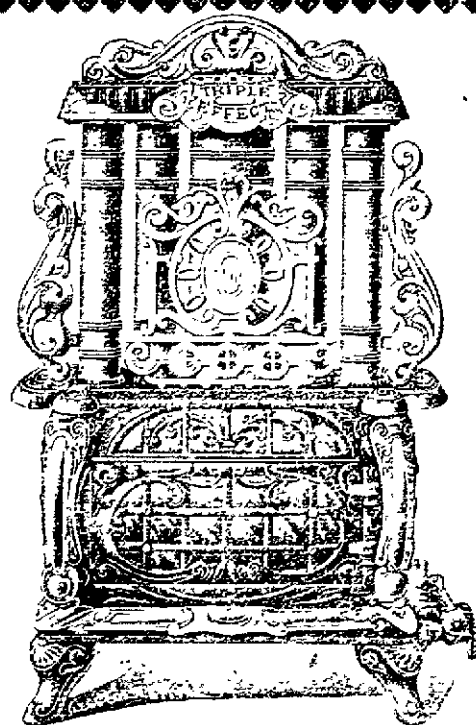

GENERAL OUT OF CONDITION.

Mt. Vernon, Oct. 4.—Judge B. M. Critchfield has brought "The General" home for the season. The horse has been out of condition ever since he was raced at the Croton fair. At New Lexington last week he took fourth money on a muddy track. The owner expects to race him here if the local driving association holds another meeting, which it will do if weather conditions are good.

BLOOMER GIRLS WON FIRST GAME

WRITTEN AND MOSER FAILED TO HOLD THE LADIES SAFE YESTERDAY.

The Support Accorded The Pitchers Was Ragged Throughout—Game Went Ten Innings.

Just think, a team made up of five Bloomer Girls and four men, defeated the Molders at Wehrle park Wednesday afternoon by a score of 11 to 11. Not only did the fair ones win out but they chased the Newark professionals into extra innings for a decision.

It may have been because Joe Moser pitched a part of the game or it may have been because Ground Keeper Swinehart unspired. The fans who were on hand declare that Swinehart favored the ladies on every occasion. It is a fact that he called a pretty girl safe at first when she was out by a half dozen yards away.

Then Irvy Wratten pitched the opening innings of the contest and he was gallant to himself on all occasions. He would throw them easily to the ladies and would really wear a pained expression on his face when they fanned out and was equally pleased when one of them took a walk out four wide ones.

And thought they had the game sewed and though they had the game sewed up tight. Then Councilman Moser was brought in from right field. Linke was sent out to Drake's garden. Davis played first and the team was generally broken up. This no doubt caused the loss of the game. Things refused to break right for Moser, and he was batted freely. He had no control and those who didn't hit safely walked. Umpire Swinehart was seized with an attack of heart trouble and retired. The ladies commenced to run bases and went the circuit so fast that the Molders got dizzy and couldn't see the ball. When the smoke of the ninth inning cleared away the girls had scored enough runs to tie the score. In the tenth, Moser had another bad spell of heart trouble and the game was hopelessly lost.

The score keepers lost track of the game early in the contest, so there is no tabulation to be published.

B.-O. TEAM EASILY DEFEATED MOLDERS

Railroaders Took Big Lead Early in Game and Kept It Up—Won by 429 Pins.

The B. & O. team easily defeated the Molders in a game of ten pins on the Music Hall alleys Wednesday night, walking away from their opponents in the first game. When the last frame was finished the Railroaders stood 429 pins to the good. Frank Kissane, a Molder, had the high score of the evening, making 198. J. Bausch of the B. & O. team, rolled the high average for the evening, making 510 pins in the three games.

DOROTHY DORSEY TOOK 3 HEATS IN TROTTING RACE WEDNESDAY

First Days Races at Fair Were Run on Heavy Track—Bad Weather Kept Crowds Away—Good Program for Tomorrow—Running Races Today.

The Licking County Fair opened auspiciously Wednesday afternoon and in spite of the heavy rain the races down for Wednesday morning were both finished and considering the condition of the course, the time was good.

Of course a Newark horse was necessarily the winner of at least one of the races Wednesday. A. B. Groves' bay mare, Dorothy Dorsey, took three straight heats and first money on the 2:29 trot. A Zanesville trotter, Loveland Belle, a black mare owned by A. A. Crooks, finished second and Lucy Allerton, a bay mare owned by the Poplar Stock Farm Co., of Deal, W. Va., was third.

The 2:17 pace was an interesting event though there were but four starters. Rex B. a black gelding owned by J. C. Butt of Johnstown, won first money in this race, and Bessie G. a Thoroughbred horse owned by J. D. Spangler, finished second. Semimaries:

For Positions of Trust and Promotion.

Y. M. C. A. Classes Are Help-
ing Newark Men.

In a single edition of one of our large city papers the other day there were earnest appeals for over 480 young men to fill positions of trust or less importance. An employer in one of Newark's largest establish-
ments said to the writer the other day: "We can't get enough good men to fill the better positions. What the boys need is more schooling."

This was applied to the boys and men in the trades. A great many have quit school early and gone to work before they had sufficient education to equip themselves for good positions. The Y. M. C. A. evening schools are run for this class.

There is great demand for men who are acquainted with the following subjects: See if there is no something here that would help you in your work:

Mechanical drawing.
Architectural drawing.
Electricity.
Bookkeeping.
Arithmetic.
Business correspondence.
Show card writing.
Common branches.
English for foreigners.
The cost is very low. The instruction is the best.

Our school is adapted to all ages. Many middle aged men enrolled in these classes. All men interested are invited to call or write for full particulars.

FOOTBALL MEETING

In Basement Room of Court House Friday Night—Team Will Be Organized.

There will be a meeting of those interested in the organization of a football team representing the city of Newark, Friday night in the southeast room of the court house basement. All players interested are urged to attend the meeting. This meeting is in no way connected with the meeting called for Sixth and West Main streets this week.

Mr. Clarence Dille is especially requested to be present. A captain and manager will be elected at this meeting and the team will be organized.

Really delicious.

Y. M. C. A. BOWLING.
The Y. M. C. A. has inaugurated something new in bowling contests. The three man team league, will be formed again this season but before the league is launched a fob contest will be started.

The association has ordered three silk fobs with gold medals attached bearing the Y. M. C. A. inscription and other engravings. All members of the "Y" wishing to enter the contest can hand his name to the physical director before November 1.

Each contestant agrees to roll three games each week. The bowling manager must be notified immediately before each game. The average score of games properly "O. K." will be counted in the contest.

At the end of each week, the three contestants having the highest averages will receive the fobs. These they must defend in each week's average until the season closes, when the contestants who have held the fobs the greatest number of weeks will keep them as trophies of the season's work.

ORDINANCE NO.

To issue bonds for the purpose of erecting a building necessary for a Fire Department, and for equipping and furnishing the same.

Be it ordained by the Council of the City of Newark, State of Ohio, two-thirds of the members elected thereto concurring—

Sec. 1. That it is deemed necessary by the Council of the City of Newark, Ohio, to issue and sell the bonds of said City in the sum of two thousand dollars, for the purpose of erecting a building necessary for a Fire Department.

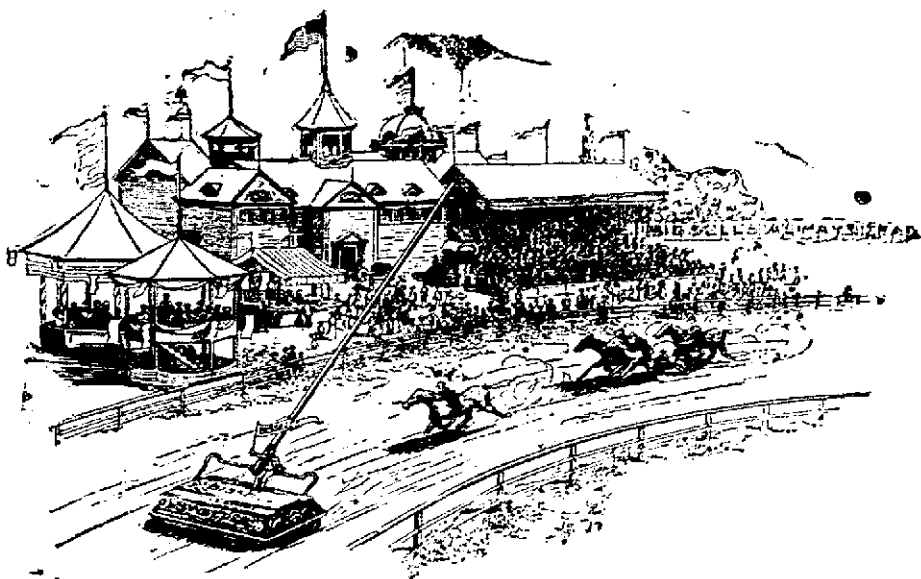

Sec. 2. That the bonds of said City be issued in the sum of two thousand dollars for the purpose aforesaid; each of said bonds to be in the denomination of five hundred dollars, and numbered from one to four inclusive. Said bonds shall be dated November 1st, 1906, and shall bear interest at the rate of four per cent per annum, payable semi-annually, said bonds shall mature and become due on the 1st day of November, 1911.

Said bonds shall be payable at the office of the Sinking Fund Trustees of the City of Newark, in the City of Newark, State of Ohio.

Sec. 3. Said bonds shall express upon their face the purpose for which they are issued, and that they have been issued in pursuance of this ordinance. They shall be prepared, issued, sold and sealed with the corporate seal of the City of Newark, and the direction of the Finance Committee of Council, and the City Auditor, and shall be signed by the Mayor or said City and by the City Auditor and sealed with the corporate seal of said City, and the interest coupons attached to said bonds shall be executed by the City Auditor with his signature thereto, or he shall have his signature printed or lithographed thereon.

Sec. 4. Said bonds shall be first offered for sale and sale to the highest bidder, and if the Sinking Fund Trustees refuse to take any of said bonds, then and thereupon then said bonds shall be sold in the manner provided by law, but not for less than their par value and accrued interest.

Sec. 5. The proceeds from the sale of said bonds except the premium and accrued interest thereon, shall be placed in the Sinking Fund to the credit of the Fire Department Building Fund, and be used for the purpose of erecting a building necessary for a fire department and for equipping and furnishing the same, and for no other purpose, and the premium and accrued interest received from the sale of said bonds shall be transferred to the Sinking Fund to be used for the purpose of erecting a building necessary for a fire department and for equipping and furnishing the same, and for no other purpose, ATTACKS SLANG

President Thompson of Ohio State University, Commends Use of Phonetic Spelling.

Columbus, Oct. 4—President W. O. Thompson of Ohio State university, attacked the use of slang in an address to the students Wednesday. He alluded to its frequent usage among the students, and said it was due to carelessness and indifference only. "Slang," he declared "is the effervescence of an empty brain."

Phonetic spelling for children was upheld by President Thompson, who declared every man of education ought to know more than one way of spelling. To children, he said, the new spelling would be a time and energy saver.

Lord Milner the former high commissioner for South Africa has received through the Duke of Somerset an address expressing appreciation of his services in South Africa, signed by 270,000.
